

REVISED AUGUST 5, 2008

TRAFFIC UPDATE FOR THE VINEYARD DR. ROADWAY AND BRIDGE IMPROVEMENTS.

“NO PEDESTRIAN” signs are still posted on the Vineyard overcrossing. For your safety and the safety of the workers please find an alternate route during the construction period.

HIGHWAY 101 NIGHT CLOSURE

Highway 101 at Vineyard Drive is scheduled for night closures from **Monday August 11 through Friday August 15, 2008** starting at 10:00 pm and ending at 5:00am. This closure is needed to remove falsework which facilitated the construction of the new portion of the bridge on Vineyard.

(NO) VINEYARD DR. RAMP CLOSURES

Work has also started on the on and off ramps of HWY 101 at Vineyard to complete the retaining walls and make the necessary improvements for these intersections. No ramp closures are scheduled at this time

VINEYARD DR. CLOSURE

Vineyard Dr from Ashton to Main will have intermittent lane closures with at least one lane open at all times. Flagmen will facilitate traffic through the job site. This may occur between 8:30 am and 2:30 pm and will avoid the rush hour times of the day.

If you will be traveling in the Templeton area at these times please slow for the cone zone and observe posted signs.

We apologize for any inconvenience that the project might bring. It is our objective to have a safe and productive project with as little inconvenience as possible.

Thank you,
Vineyard Dr. Improvement Team
